DETAILED ACTION

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

ART REJECTION:

Claim Rejections - 35 USC § 103

2. Claims 1-40 are rejected under 35 U.S.C. 103(a) as being unpatentable over Rathus et al(Rathus) in view of Matsuo et al(6,906,705).

-- Claims 1-40 recite subject matter that is met by Rathus for the reasons of record as discussed in the previous office action, except for:

1) the electronic display device being able to flexibly deform with the flexible carrier material.

Although not specifically shown by Rathus, use of electronic display device being flexibly deformable with a carrier material is well known in the art. In related art, Matsuo et al(Matsuo) discloses an electronic paper of a flexible display medium(101, column 3, lines 28-31). Since use of flexible display medium is well known, as shown by Matsuo, it would have been obvious to one of ordinary skill in the art at the time invention was made to incorporate the flexible display medium of Matsuo into the system of Rathus, since the flexible display medium would have helped resist breakage of the display medium upon deformation of the display medium.

Response to Arguments

3. Applicant's arguments with respect to claims 1-40 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
